

KOMJATY ANDREI

Lector - Universitatea Aurel Vlaicu

Age 44 from Arad, married

Contact details

Email: komjatya@yahoo.com

Tel: 0745754418

Address: Str. Stefan Luchian, nr. 23, bl. B17, sc.B, ap.2

Professional objective

To work in a young dynamic and experienced team

Professional experience

Experience by departments

Research & development : **17 years and 9 months**
Education / Training / Arta: **2 years and 4 months**

Oct 2016 - present
1 year and 5 months

Lector - Universitatea Aurel Vlaicu
Arad | Education / Training / Arta | Education / Training
Technical drawing, Solid Works lector, CAD-CAM.

Mar 2016 - present
2 years

Manager - K.A.B. Serv srl
Arad | Research & development | Construction
Design mechanical structures, doors, cable covers, food processing machines.
CNC programs for plasma cutting machines.
Technical translator.

Oct 2015 - Sep 2016
1 year

Assistant - Universitatea Aurel Vlaicu
Arad | Education / Training / Arta | Education / Training
Technical drawing, Solid Works lector.

Oct 2014 - Feb 2016
1 year and 5 months

Manager - Komjaty Andrei I.I.
Arad | Research & development | Food and Drinks
Design food processing machines, vacuum mixers, brine mixers, injectors, cheese processing machine.

May 2009 - Aug 2014
5 years and 4 months

R & D engineer - S.C. Contor Group S.A.
Arad | Research & development | Construction
I design molding tools, pneumatic dispositives and projects for new products.
I make mentenaince for pneumatic, electrical and mechanical part of the automated machines.
I write the PLC program, establish the inputs and outputs of PLC, determine the necesar of input and output modules of the PLC, design the electric connection diagram, list of the pneumatic and electric components.
I designed a new ansambling machine that improve productivity by 75% form this mounting operation.

I begin a new project of an ansamby machine that eliminate 3 operators in that ansambling line.
ing. Kis Mihai - colleague

Aug 1999 - Sep 2008

design engineer - Feroneria

I Design the Automated machines, establish the necessary of pneumatic, electric, hydraulic and mechanical parts,:

I coordinate the maintenance of the pneumatic and mechanic parts for the existing machines between 2000-2008, change pneumatic parts, like cylinders, valves, speed regulators, filters, sensores, tubes and connectors.

I maintain the PC's and the network between 2005-2007, create new configuration of the approx. 15 new PC, extend the LAN, replace the battery form UPS's, install and configure many softwares of the PC's, replace the damaged PC parts like MB, Processors, VGA, CD-rom's, Power supply, etc.

I coordinate a 4 engineers and 2 toolmans team.

With this automated machines reduce the operation cycles, eliminate the human operator and increase the final quality.

Prof. dr. ing. Kaposta Iosif,

ing Puscasu Ioan,

ing Ignuta Sorin

tickets

Education

1999 - 2009

Doctorate (PhD) - University " Politehnica "

Industrial Engineering / Robotics | Timisoara

1998 - 1999

Master's degree - University " Aurel Vlaicu "

Flexible Manufacturing Systems | Arad

1993 - 1998

Bachelor's degree - University " Aurel Vlaicu "

Mechanics / Machine building | Arad

Foreign languages

Italian - Medium, Hungarian - Advanced, English - Advanced

Other info

ISO 9000 series

Automated Machines - Brescia-Italy - 2000 - 2006

Marketink Management - 2007

HR Management - 2007

Forklift driver licence (ISCIR approved) - 2008

Driving license

Category B

acquired on 05 Jan 1992
