

Dotarea laboratorului de tricotaje
Responsabil – Conf.univ.dr.ing. Monica Szabo

Nr.crt.	Denumirea aparatului	
	Microscop in lumina polarizata	 A white and black polarized light microscope is positioned on a light-colored wooden table. The microscope has a black eyepiece, objective lenses, and a stage. In the background, a whiteboard with some diagrams is visible.
	Masina de tricatat circulara cu diametru mic pentru ciorapi medicinali	 A circular knitting machine is shown in a laboratory setting. The machine is white and black, with a large spool of white yarn mounted on top. The machine is labeled 'CC4' and 'DIP'. It is situated on a wooden floor next to a whiteboard.
