## RAPORT DE CERCETARE 2024

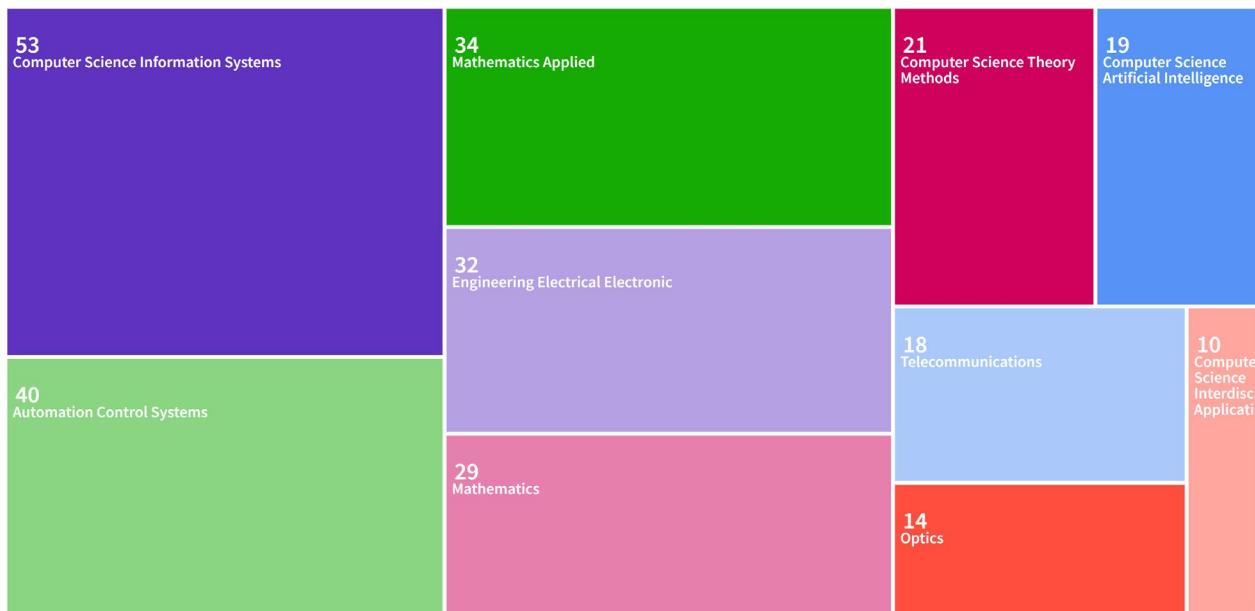

---

Misiunea centrului Modele Matematice si Sisteme Informatice (MMSI) este de a:

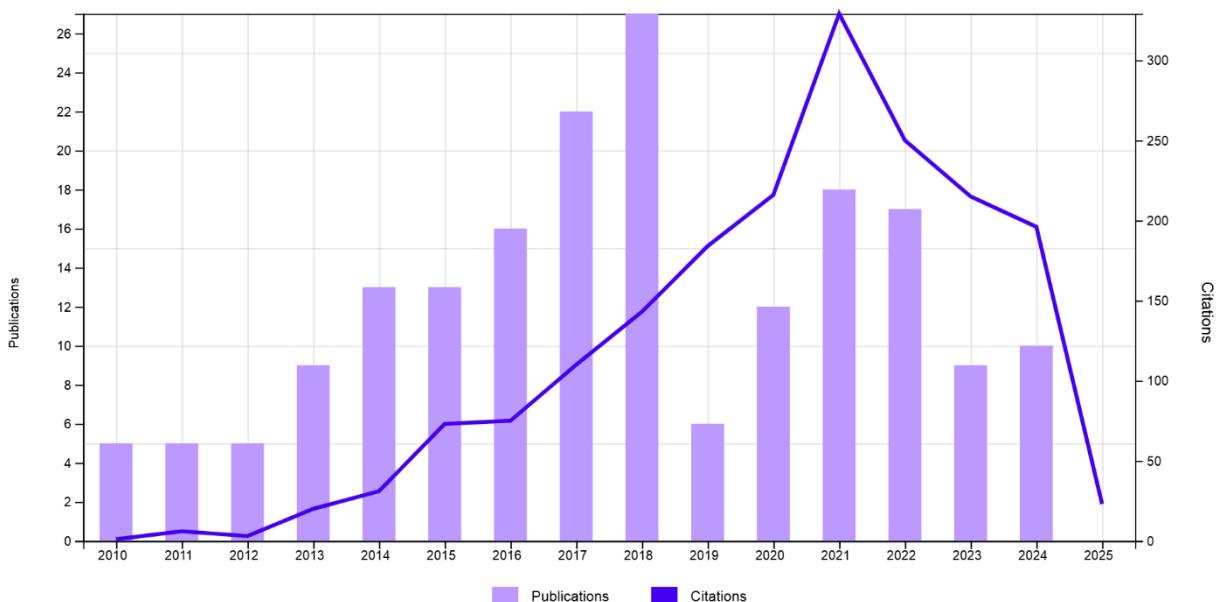

- efectua cercetare stiintifica interdisciplinara (atat fundamentala cat si aplicata);
- atrage si angrena in cercetare—pe langa cadrele didactice—cat mai multi studenti;
- dezvolta colaborari cu cadre didactice si cercetatori din alte facultati, universitati, si/sau centre de cercetare (atat din tara cat si din strainatate);

si se concretizeaza prin interdisciplinaritatea proiectelor, publicatiilor si prezentarilor (diseminarea rezultatelor).

Referitor la publicatii, este de mentionat ca membrii Facultatii de Stiinte Exacte, care reprezinta cadrele didactice ce formeaza MMSI (infintat in 2010), apar in WOS/ISI cu **187** publicatii (incepand din 2010), acestea fiind citate (in decursul celor 14 ani de la infintare) de **1877** ori (**1590** ori excluzand auto-citarile). In acest fel se poate calcula indicele Hirsch asociat MMSI, care este h-index = **19**. O analiza a domeniilor in care se incadreaza aceste publicatii (vezi figura generata de WOS/ISI de pe pagina urmatoare) arata clar o distributie care justifica din plin interdisciplinaritatea subiectelor abordate. Evident ca aceasta imagine este parciala, pentru ca lucrările din WOS/ISI reprezinta aproximativ 40% din toate publicatiile generate de membrii MMSI.

Intrând în detaliu, prezentăm în imaginea de mai jos evoluția publicațiilor WOS/ISI și a cărărilor din WOS/ISI pe ultimii 5 ani: 329 (2021), 250 (2022), 215 (2023), 197 (2024), și 24 (2025).

Se remarcă un neplacut trend descendente, care din pacate este foarte usor de explicitat prin faptul că în ultimii cativa ani MMSI a pierdut 3 profesori, 1 conferențiar și 2 lectori. Evident că ar fi de dorit înlocuirea acestora, dar angajarea pe post de profesor sau conferențiar nu este trivială. Pe moment, tot că s-a realizat în această direcție a fost angajarea unui conferențiar, dar este clar că MMSI va mai avea de așteptat cativa ani buni pentru a putea reveni la nivelul rezultatelor obținute în 2018.

In principiu, pentru realizarea misiunii, eforturile se concentreaza pentru:

- obtinerea de rezultate de cercetare cat mai valoroase;
- atragerea de fonduri;
- strangerea colaborarilor cu mediul stiintific si cu cel socio-economic;
- dezvoltarea unor parteneriat cu cercetatori si institutii de cercetare din tara si strainatate;
- cresterea vizibilitatii pe plan national si international.

Valorificarea rezultatelor de cercetare-dezvoltare s-a concretizat in:

- elaborarea de lucrari stiintifice si publicarea lor in reviste de specialitate cotate ISI/BDI;
- prezentari la conferinte/simpozioane nationale si internationale;
- participarea in programe de cercetare-dezvoltare nationale si internationale;
- obtinerea de granturi de cercetare finantate prin competitii nationale si internationale;
- elaborarea de carti/capitole si sprijinirea in elaborarea lucrarilor de licenta/disertatie/doctorat;
- integrarea rezultatelor cercetarii in cadrul unor programe de educatie si formare;
- revista *Theory and Applications of Mathematics & Computer Science* (indexata BDI);
- organizarea unor seminarii stiintifice;
- transferul de cunostinte si tehnologii catre mediul economic;

In particular, o sinteza a rezultatelor obtinute in anul 2024 este prezentata in tabelul urmator, datele complete fiind detaliate in Anexa 1.

**Tabelul 1.** Rezumatul activitatilor desfasurate in anul 2024 (vezi **Anexa 1**).

Parametru raportat		Total 2024
Articole stiintifice	Reviste WOS / ISI	<b><math>\Sigma IF = 26.7</math></b>
Articole stiintifice	WOS / ISI Proceedings	<b>5</b>
Articole stiintifice	Indexate BDI	<b>3</b>
Comunicari stiintifice	Cu rezumate publicate (studentesti)	<b>20</b>
Capitole de carte	Publicate la edituri internaţionale	<b>1</b>
Proiecte ce cercetare	Castigate / in derulate / derulate	<b>4</b>
Proiecte de cercetare	Depuse / in evaluare / neselectate	<b>5</b>

Pe langa publicarea (in diverse forme), prezentarea rezultatelor cercetarii (6 la conferinte internationale si 6 la conferinte nationale), precum si activitatea in cadrul unor proiecte de cercetare—aspecte ce sunt detaliate in Anexa 1—tinem sa adaugam alte cateva activitati complementare realizate tot in decursul anului 2024:

- prezentari invitate (10);
- organizarea unor manifestari stiintifice internationale (8 manifestari, 20 cadre didactice);
- organizarea unor manifestari stiintifice nationale (6 manifestari, 19 cadre didactice);
- activitati de indrumare si diseminare (2 activitati, 10 cadre didactice, si 31 studenti).

Aceste 4 activitati complementare desfasurate in 2024 sunt detaliate in continuare.

### Comunicari / prezentari invitate
