The topics of the exam tests, including lectures, courses, or similar, or the topics from which the examination board can choose the actual test topics	Presentation of the most significant previous professional achievements and the plan for the future development of an academic career.

Description of the examination procedure, including specific conditions for occupying the position (holding a diploma of completion of undergraduate studies in the specialization of the position, holding a doctoral diploma in the field of the position's disciplines, as well as conditions of seniority and annual evaluation provided in Article 10 of the University's methodology).

The requirements for registration for the promotion exam in the academic career for the position of Associate Professor are:

- a) the candidate must be a full-time academic staff member of the UAV who has received a rating of "very good" in the last 3 years at UAV and has not been disciplined in the last 3 years;
- b) holding a doctoral degree in the field of the post's disciplines or in a related field;
- c) holding a didactic master's degree/certificate of completion of the psycho-pedagogical module or other equivalent documents;
- d) a minimum of 6 years of experience as a UAV academic staff member;
- e) meeting the minimum standards of the university for the occupation of teaching positions, specific to the didactic position of Associate Professor, provided by the UAV's own methodology, M.11. These standards **must** be superior to or equal to the minimum standards approved by order of the Minister of National Education, according to art. 219 paragraph (1) letter a) from Law no. 1/2011 with subsequent amendments and additions.
- f) fulfills the requirements stipulated by art. 5 para. (2),(3) from the M.11 methodology of the UAV.

The promotion exam in the academic career for the position of university lecturer consists of:

- analysis of the competition file;
- holding a didactic/scientific lecture on a topic from the post structure established by the commission and announced to the candidates 48 hours before the presentation by e-mail and on the UAV website;
- holding a public lecture of at least 45 minutes in which the candidate presents his/her most significant previous professional achievements and the plan for future academic career development. This test may also include a question-and-answer session with the commission and the audience.

The commission for the promotion exam in the academic career evaluates the candidate from the perspective of the following aspects:

- a) meeting the minimum standards imposed by CNATDCU and the university by analyzing the checklist of compliance with the minimum standards of the university, a form that will be signed by all members of the commission (the president will sign on each page of the respective form);

	<p>b) the relevance and impact of the candidate's scientific results;</p> <p>c) the candidate's ability to guide students or young researchers;</p> <p>d) the candidate's didactic competencies;</p> <p>e) the candidate's ability to transfer his/her knowledge and results to the economic or social environment or to promote his/her own scientific results;</p> <p>f) the candidate's ability to work in a team and the effectiveness of his/her scientific collaborations, depending on the specific nature of the candidate's field;</p> <p>g) the candidate's ability to lead research and development projects;</p> <p>h) the candidate's professional experience in institutions other than UAV.</p>
