To whom it may concern

The Estonian Research Council confirms that Dr. Dana Maria Copolovici has been awarded the 4-year grant ETF9438 „New Methods for Cell-Specific Delivery of Therapeutic Molecules“ in total amount of 46 440 euros (11610 per annum) in 2011. Dr. Dana Maria Copolovici was the principal investigator of the grant during 1.01.2011 - 30.06.2013. She gave the leadership of the ETF grant 9438 to Dr. Julia Uusna (born Suhorutšenko) in 1.07.2013.

Yours sincerely

Dr. Siret Rutiku
Head of the Research Funding Department
Estonian Research Council
