

Journal PlusEducation (JPE)

Call for Proposals of Special Issues

The Editors invite proposals for Special Issues that consist of a collection of papers of Conference of science education, focusing on a theme that is relevant to the aims of JPE. Each Special Issue will be coordinated by one or more Guest Editors, who have put forward the proposal.

A proposal should consist of:

- Special education
- Education and technology
- Art and education
- Good practice in the domain of education
- Education, health and social care
- Early education
- Education and environments
- Education and sociology
